

# ORGANIZATIONAL MANUAL

## Section P PERSONNEL Procedure P-23

### SIREN

#### **Purpose:**

The Siren Program is designed to allow volunteers the ability to participate in District activities in a way that supports the operations of the District and the Volunteer Association. The position of Siren does not include response to an emergency scene.

#### **Participation:**

Sirens are required to participate in District and Volunteer activities, with a documented 8 hours of participation per quarter. Sirens are encouraged to wear District-issued attire when participating in community events or activities where interaction with members of the public is anticipated.

#### **Duties:**

Sirens will manage the coordination of dinners for the Volunteer Association Business meeting, live fire or other training events, and incident support when called upon to provide food and drink to fire personnel on larger incidents (either on-site or at the station). They are also encouraged to participate and coordinate social events under the direction of the Volunteer Association. Duties may be performed at one of the District Stations, within the District boundaries, or beyond the District boundaries if working on behalf of the Volunteer Association.

#### **Personal Conduct**

Sirens are subject to the Volunteer Personal Conduct policy, Section 9.2 of the Personnel Policies for Volunteers.

#### **Requirements:**

Sirens shall maintain a driving record that meets the District's driving-record requirements. Sirens are required to maintain a current and valid Oregon Driver's License. Sirens must notify the Fire Chief of any change in their driver's license status, and of all traffic violations. Failure to report a traffic violation or change in license status to the Fire Chief will be viewed as a violation of District's policy.

Sirens must obtain First Aid/CPR Heartsaver certification within 60 days of their application acceptance.
