ORGANIZATIONAL MANUAL

Mental/Cognitive Demands:

Work involves multiple tasks that change frequently and require sound mental organization. The work of this position is frequently interrupted to respond to coworkers and the emergency needs of members of the public. Individuals in this position are also expected to be able to identify problems common with fire apparatus and determine resolution, repair, or recommend upgrades to basic systems.

Work Environment:

The work environment characteristics described here are representative of those encountered while performing the essential functions of this job.

Work is performed in both office and outdoor areas with exposure to heat, cold, and all types of weather. Additional environmental exposures include cramped and confined spaces as well as working at heights of more than 20 feet. Exposure to unwell individuals, body fluids, and chemicals is frequent. Noise levels of the work environment can vary from mild to significant, commensurate with the noise of use of mechanical equipment, large apparatus, and emergency response.

Availability of the volunteer and the needs of the District will determine hours worked.

Occasionally, this position may require you to attend meetings, seminars, and District functions, including overnight travel and out-of-area stays, at the discretion of the Fire Chief.

Selection Guidelines:

The selection process for this position will consist of a formal application, review of certifications and experience, contact with references, appropriate skills testing, and interviews. Final selection will be made contingent upon passing a pre-employment drug screening and background check.

This job description does not constitute an employment agreement between the District and the volunteer and at any point in time, the volunteer or duties can be altered, or terminated.
